ROAD AGENT'S REPORT

During the past year besides the usual grading and maintenance, the following work has been done:

Oak Hill Road between Route 106 and School Street was tarred by Roger Dow. This was sealed later in the summer.

The road from Route 106 to the Village Church was graveled and tarred.

Approximately 30,000 gallons of tar were used including what was used for mixing on Oak Hill Road and for mixing about 80 yards of cold patch which was applied.

The roadside on New Dover Road, School Street, Lovejoy Road and Shaker Road was mowed by Everett O. Dow. Some brush was also cut on Bear Hill Road, Beehole Road and Houle Road.

Eight new culverts were installed. Two were put down deeper to provide better drainage and two were relaid at Clough Pond.

About 2,500 yards of sand and gravel were used for summer and winter sanding and graveling roads.

The bridge at Jay Green's was replanked.

Our outstanding gift this year was a new fifty-star American flag given by the Auxiliaries of the two Veteran's Organizations in the town.

Mrs. Catherine Dirth, a Gold Star Mother, represented the two Auxiliaries in the presentation at a special ceremony which took place on the Library lawn on May 30th.

To Mrs. Bertha Mulkhey, Mrs. Blanche Eastman, Perley Ordway and Herman Annis who loaned pictures for displays and to you who contributed in so many ways I want you to know that your cooperation has been greatly appreciated and my sincere thanks are extended to you all.

The Library is open from two until six and from seven until eight on Tuesdays and Saturdays except on Holidays.

The Planning Board has prepared a draft proposal for naming all the streets and roads in the town and the numbering of the houses, subject to the approval of the Selectmen. This will include the printing of a town directory and the erection of suitable signs. To implement the plan it is necessary that the town underwrite the initial costs to be repaid later from sale of advertising space in the Directory. Estimated cost \$500.00. This would be a "first" for any New Hampshire town. The advantage to residents, strangers, business and in case of fire or other casualty are obvious.

With the approval of the selectmen the planning board has initiated an article in the town warrant to cover the transfer to the town of a tract of land adjacent to the school in exchange for a tract of town owned land not so favorably situated.

The proposal to build a sidewalk along the westerly side of route 106 from a point near the Loudon Garage northward to School St., has been favorably received by the State Highway Dept. The State would pay for the construction costs from a point 120 feet south of the bridge to a point 100 feet north of the bridge. The balance of the construction would be at town expense. This would require an estimated expense of \$1,000.00 in 1962 and \$1,000.00 in 1963. The abutting property owners have been consulted and are in favor of the proposal.

The proposal to build a civic center is difficult to finance. Perhaps the best approach would be to build an auditorium as an addition to the school. This would provide needed additional school facilities, and could be made available to serve other community needs. State and/or Federal financial aid might be available under such circumstances.

The construction of a swimming pool at the school was considered but the costs are prohibitive at present. A better way might seem to be to provide a swimming pool at or near the village bridge over the Soucook River.

WILLIAM H. BROWN,
Chairman

REPORT OF FIRE DEPARTMENT

The Fire Department responded to 40 alarms in 1961 — 10 chimney, 9 brush-grass, 1 accident, 3 resuscitator, 1 rub-bish, 1 flooded oil stove, 1 over heated motor, 1 over heated wiring, 3 building, 6 Mutual Aid, 2 motor vehicle, 2 false.

The Ridge school house purchased from the School District by the Town for a fire station, was put in service in June 1961.

With the expenditure of many hours of labor by men of the Ridge area, a concrete floor and over head doors have been installed. The building is heated by an automatic oil burning heater.

An 800 gallon tank truck, with new pump is stationed there. Making this truck into an efficient piece of fire fighting apparatus was made economically possible from donations of pipe, fittings and other parts. Men of the Department furnished all labor.

The audible alarm is from 2 sirens mounted on the roof of the station, a gift from a good friend of the Department.

An automatic fire alarm box on the outside of the station is accessible to any one to sound an alarm.

Drills with this apparatus (to be known as Tank No. 4) were held under the directions of Capt. Page, to familiarize the men of the Ridge area with this apparatus. The four runs made by No. 4 proved the drills paid off.

Regular inspections of this equipment are made as a certainty of its readiness for instant use.

Nearly 50% of the monetary cost of making this building and truck serviceable came from funds earned by the firemen, plus a substantial donation from the Ladies Auxiliary.

Three new mobile radios have been added to our radio net, at no cost to the Town. Loudon is second to none in the field of emergency communications.

The Ladies Auxiliary is still a very necessary branch of this Department. Money earned by the Ladies is funneled into the Department for necessary equipment and additions to the station and trucks. They fill a vital role in

communications, providing lunches when needed, on stand-by at the station to lend a hand when and where needed, and many, many other ways.

Many hours and some dollars were spent in 1961 on improvements to the station and apparatus.

Inspections and maintenance of apparatus and fire alarm are never ending chores, which are shared by men of the Department.

Drop in at the station any time to look over YOUR fire fighting equipment.

Let every one make fire prevention their business in 1962.

HARLAN DOWNES,
Chief

REPORT OF FOREST FIRE WARDENS

The past Forest Fire season saw the Department answering 9 calls. Far too many, and all from people being thoughtless and careless. Brush and grass fires not only make unnecessary work for the Department, but this last year cost the Town money. Let's go back to our record of 1959-1960.

Again I want to remind everyone that a permit is required for ANY outside fire when the ground is bare of snow.

Permits will be issued by the Warden, Loudon Village, and by Deputy Warden Royal Page, Loudon Ridge.

Let's make 1962 a fire free year. It can be done.

HARLAN DOWNES,
Warden

CIVIL DEFENSE

Operation alert 1961 was held April 28th at 3:00 P.M. to noon April 29th. This was our National Test Operation, in which all cities and towns throughout our Country test their local C.D. units.

The units in Loudon that were asked to help with the test were operational shortly after the air raid warning signal (yellow).

Your R.A.D.E.F. and communications group was perhaps the most worked because of the special orders received through our State C.D. Headquarters from National. To better explain this, we have received from the Federal Government two new sets of test equipment for monitoring any radiation in our area. To receive this equipment we had to set up two monitoring stations with radio communications, one is at the Loudon Central Fire Station called AQB-1 and the other is located in Royal Page's home called AQB-2. Both groups received sealed envelopes containing problems which had to be worked out and, if possible radioed back to headquarters.

To the citizens of Loudon it is hoped that you will give some consideration to fallout protection of your own, at the present time our Government is making surveys throughout our State in regards to group shelters but Loudon does not seem to fall within the possibilities of Federal funds.

Our National Civil Defense has been re-organized and also our State Civil Defense, moving to the National Guard Armory in Concord and under the direction of the State National Guards.

Loudon is to have a new program but to date we have not received it from State Headquarters.

At anytime feel free to call upon us for information on disaster and survival, if we do not have the answers we will get them for you.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Loudon:

In this my final report to you I want to express my thanks to all who have been directly concerned with the education of the children of Loudon. This includes teachers, school board members, parents and friends of the community. It has been a real pleasure working and planning with you. Over the years, the experience has been for me a very pleasant one. You have always been receptive to whatever suggestions I have made tending toward change for improvement of the schools.

School board members have worked with me in a spirit of cooperation that has enriched my professional thinking, and guided my actions in my administration of your schools.

For all these things I am most grateful. As I leave the scene of active duty, I shall recall with satisfaction and genuine pleasure the years I have worked with you and your teachers to help promote better educational opportunities for your children.

Respectfully submitted,

WILLIAM B. HOUNSELL,
Superintendent of Schools
